Subject: Microsoft Settlement

I have seen no benefit to the citizens of the United States by the action taken by the Department of Justice with regards to Civil Action No. 98-1232 United States vs. Microsoft Corporation. I believe it has been a complete waste of government resources and has done harm to the United States economy, the industry as a whole and the citizens of the United States. Although I personally do not agree with Department of Justice case in general, I do feel that a quick settlement would greatly benefit our country. With regards to the settlement I believe it is extreme, unwarranted and unjustified.

.

Sincerely

David G. Davis
